Exchange Status Checker

Results: Eastham

Code: LVEAS
County: Cheshire
Enabled: 10 Mar 2004
Market: 3

◉ Virtual paths: Green

There are currently no known capacity problems on your exchange. There may still be an exchange problem, however BT are not currently reporting that they are aware of it. Please contact Support if you are having speed problems, who can advise further.

Record last updated: 30 Nov 12

Historical information for this exchange:

Status	Date
◉	23 Nov 12
◉	16 Nov 12
◉	09 Nov 12
◉	02 Nov 12
◉	26 Oct 12

Please note: This checker is not a generic fault tracker. It is updated weekly when updates are available and reflects a snapshot of speed capacity from each exchange. Results shown here should not lead you to conclusive proof of an issue.
