Advance Test

Download Test

22.32 Mbps

Download speed achieved during the test was 22.32 Mbps

For your connection, the acceptable range of speeds is 40 - 45.4 Mbps

IP Profile for your line is 45.4 Mbps

14.09 Mbps

14.09 Mbps

Upload Test

Upload speed achieved during the test was 14.09 Mbps

IP Profile for your line is 20 Mbps

Summary Advanced Test

This test was not conclusive and further testing is required. This might be useful for your Broadband Service Provider to investigate the fault. Note:An error occurred while trying to retrieve additional details regarding your service. As a result we are unable to determine if the speed you received during the upstream test is acceptable for you service. Please re-run the test if you require this additional information.

Please close the window using 'CLOSE' button and contact your Broadband provider for further assistance with these results.

Please visit the "SpeedTest Guidance" if you'd like more information to understand the test results.

Download Report

The speed tests for 500Mb/1000Mb product are dependent on device capability. [Click here](#) for more information.
