

Browser window showing the Plusnet Member Centre login page. The address bar displays <https://www.plusnet/member-centre/login?paymentOutstanding=true>. The page header includes the Plusnet logo with the tagline "We'll do you proud" and a navigation menu with links for Broadband, Mobile, Help & support, My account, Community, and Contact us. A dark grey footer contains social media icons for Twitter, Facebook, and YouTube, along with copyright information: "2019 © Plusnet plc - All Rights Reserved" and a list of links including About Us, Careers, Press Office, Legal, Privacy, Cookie Policy, Code of Practice, Complaints Code of Practice, Accessibility, Modern Slavery Statement, and Gender Pay Gap Report.

Browser window showing a security error page from speedtest.net. The address bar displays <https://www.speedtest.net/>. The page content includes the heading "Cannot securely connect to this page" and the following text: "This might be because the site uses outdated or unsafe TLS security settings. If this keeps happening, try contacting the website's owner." Below this, it says "Try this:" followed by a single bullet point: "• [Go back to the last page](#)".

About 41,900,000 results (0.66 seconds)

Internet speed test

Check your Internet speed in under 30 seconds. The speed test usually transfers less than **40 MB of data**, but may transfer more data on fast connections.

To run the test, you'll be connected to **Measurement Lab (M-Lab)** and your IP address will be shared with them and processed by them in accordance with their [privacy policy](#). M-Lab conducts the test and publicly publishes all test results to promote Internet research. Published information includes your IP address and test results, but not your name or other identifying information as an Internet user.

About

- Speedtest by Ookla - The Global**
speedtest.net ▾
Test your Internet connection bandwidth to find out how fast your broadband **speed test** from Ookla.
