Extra features for your broadband service

Important information

This Add-Ons are subject to our [Terms and Conditions](#) and your contract will start as soon as possible after ordering an Add-On

If you choose to cancel an Add-On within 14 days, you understand that we may revert you to your previous contract or closest matching service and you must pay for the services you have used.

If you want to cancel after this time, early termination charges may apply as set out in our [Price guide](#).

Plusnet Protect powered by Norton™ (3 months free)

A comprehensive security package with all you need to stay safe online

- Virus protection for PCs, Macs, mobile phones and tablets
- Safe Search identifies suspicious sites helping to keep your personal data safe when you're online
- Extra security encryption giving you greater peace of mind when banking online
- Safeguards for your webcam with instant alerts and blocking of unauthorised access attempts
- Protection for up to seven devices
- Norton Password Manager helps keep your passwords safe

Free for first 3 months, and then £2.00 per month
